MOMENT BEFORE DEED.

Woman Claims She Witnessed the Struggle in the Cab.

New York, April 27.—Another person has come forward through the newspapers with a story of having seen Nan Patterson and Caesar Young a moment before the bookmaker met his death, June 4 last, in a cab on West Broadway. The new witness is Mrs. Fannie Shapieros, wife of an East Side dentist. She claims to have been with a few feet of the cab and that Young had a revolver in his right hand, which a woman at his side was trying to tear from his grasp. As the cab passed her Mrs. Shapieros says the man started to rise from his seat. A second or two later she heard a shot. Several persons ran toward the cab, and being in delicate health the dentist's wife hurried from the scene. She made her way back to her home on Second avenue, and told her mother, who confirms the story. They decided, owing to Mrs. Shapieros's poor health, that she keep the story a secret in the hope that other witnesses would come forward and describe the events she saw, thus saving her the unpleasant ordeal of being on the witness stand and much notoriety. Whether Mrs. Shapieros will be summoned as a witness is not yet known, as the attorneys in the case learned of her existence Thursday for the first time.

FOUGHT PISTOL DUEL.

Each Fired Five Times, One Shot and Other Hit With Pipe.

Birmingham, Ala., April 27.—R. L. Leatherwood and W. A. Denson, prominent young lawyers, engaged in a pistol duel on South Twentieth street Thursday morning. Eye witnesses say Leatherwood fired the first shot. Each of the participants fired five times. Denson was wounded in a leg and his neck, but will recover. It is thought, C. C. Caswell, a negro drayman, was slightly wounded by one of the bullets. The shooting grew out of an old feud which began last year by each of the participants reporting the other to the State Bar association for alleged violation of legal ethics. Afterward Denson struck Leatherwood with a piece of iron pipe, badly wounding him. Denson is a son of former Congressman W. H. Denson.

ARREST AT CLEVELAND.

General Movement to Break Up Lottery Ticket Selling Started.

Cleveland, O., April 27.—Thomas Kavanaugh, arrested on the charge of violating the interstate commerce law by bringing lottery tickets from Mexico into this country and selling the same, was bound over to appear before the grand jury by United States Commissioner Stark. Bail was fixed at \$1000 each, which Kavanaugh furnished. Government officials say that a general movement to break up the selling of lottery tickets in this country has been inaugurated.

ALLEGED DEFAULTER.

Tax Collector of San Francisco Charged With Large Shortage.

San Francisco, April 27.—Mayor Schmitz is authority for the statement that Tax Collector Edward Smith is a defaulter to the city in the sum of \$35,112. The mayor was notified of the peculations by the brother of the official, John Smith, cashier in the collector's office. On last Thursday Smith disappeared from the city, going on a vacation to Los Angeles. It is alleged that he took with him \$39,112, the taxes of the Southern Pacific Railroad company.

BY ACCLAMATION.

W. R. Andrews Succeeds Senator Penrose as State Chairman.

Harrisburg, Pa., April 27.—The Republican state convention nominated the following ticket by acclamation: State treasurer, J. Lee Plummer; superior court judges, presiding judge, Charles E. Rice, Judge George B. Orady and Judge James A. Beaver. All the judges are present members of the superior court. W. R. Andrews of Meadville, secretary of the Republican state committee, was elected state chairman to succeed Senator Penrose, who declined again to be a candidate.

Dick Craighead Receives Injuries In Louisiana Prison.

After Working Three Hours a Mob Succeeds With the Aid of Pickaxes and Sledgehammers in Effecting Entrance.

Shreveport, April 27.—After working three hours with sledge hammers and pickaxes a mob of twenty-five men broke into the parish jail at Homer, La., seventy-five miles northeast of Shreveport, at 1 o'clock Wednesday morning and shot Dick Craighead, inflicting wounds which, during the day proved fatal. Craighead was charged with the murder of Mrs. Ike McKee, the wife of his half-brother, and her little son. The authorities were unaware of the design to mob the prisoner until it was too late to protect him. Every telephone and telegraph wire out of Homer was cut and the rifles of the Claiborne Guards, the local military company, were seized before the move was made on the jail. So quietly did the mob work that scarcely any one in the little town was aware of what was taking place at the jail. Having dug a hole through the brick wall, the lynchers crawled through the opening, but on reaching the steel cell in which the prisoner was confined, found it impossible to break the lock. Then began to shoot the cowering wretch through the bars of the cell, more than twenty shots being fired, and nearly every one taking effect. The man's legs, arms and portions of his body were literally riddled, but even then none of the bullets touched a vital spot. Believing that Craighead was dead, the members of the mob left the prison and quickly dispersed.

When Sheriff Kirkpatrick and citizens of the town reached the jail they found Craighead still alive. It is stated that he told the sheriff the names of three of the lynchers, and that another prisoner in the jail told the name of another man whom he recognized. The names have not been divulged.

SMITH NOT IDENTIFIED.

"I Think This Has Been a Good Day For Me," Says Miss Patterson.

New York, April 27.—In the Nan Patterson case Hyman Stern, the pawnbroker, from whom the prosecution claimed J. Morgan Smith, defendant's brother-in-law, bought the pistol which caused Caesar Young's death, failed to identify Smith as the party purchasing the weapon. Stern also did not identify Miss Patterson or Mrs. Smith as the women accompanying the individual purchasing the revolver. After Smith confronted Stern he was taken back to the toms.

Riotous scenes attended the opening of the court room for Wednesday afternoon's session. Women and men fought to get past the police. Several women fainted, and many had their dresses torn. Throughout the entire day Nan Patterson followed the testimony with more intense interest than on previous days, and when adjournment was announced she caressed her father, and remarked: "I think this has been a good day for me."

The killing at Hempstead has caused passenger officials and land and immigration agents to feel exceedingly blue. They are wearing long faces, for they feel that a blow has been struck at the development of the state which it will take a long time to overcome. The tragedy, coming as it did on the heels of the northern settlers' convention, when thousands of northern farmers and business men are in the state to seek investments, and many of them homes, is regarded as most unfortunate. Among these northerners were 116 editors, mostly the proprietors of country papers in northern states.—Houston Chronicle.

FLORAL DECORATION COMMITTEE
Mrs. Milton Parker, chairman, with authority to appoint committee to assist.

Speaking editorially of the ambassador's visit, the Houston Post says: To entertain such a distinguished guest as Baron des Planches is a privilege which Texas appreciates. In culture, dignity, character and learning, he ranks high among the world's diplomats, and his mission among us is of much greater importance than a careless observer may imagine. The tide of immigration to America is greater now than ever before, and about 20 per cent of it comes from Italy, Sardinia and Sicily. While thousands of Italian-Americans have done well in the large northern cities, where they have congregated, other thousands have not prospered because of the overcrowding of the cities. Naturally, the United States desires to see its foreign-born citizens contented and happy, and naturally the Italian government entertains a like interest in their welfare, and it is generally agreed that the best interests of the country and its new citizens will be served by encouraging them to settle in localities where there is scope for their activities and where they can acquire homes easily and become a useful element of the population. * * * Baron des Planches shows his wisdom, however, by cautioning moderation and patience in working out the immigration problem. "Be careful and do not overdo it," he says. "It would be a serious error for too many to come in too short a time. If we eat too much we do not assimilate the food, and its effect is lost. Instead of giving us strength it weakens and pulls down what we have already built up. Just so with immigration. I have found in my eleven days' journey that you need hundreds of thousands more good immigrants in the South. You need them; they need you. But they must come gradually and moderately, so the soil, the country, the natural conditions will absorb them."

WHAT IS JUST.

Congressman Townsend Says Wholesale Reductions Are Not Asked.

Detroit, April 27.—Congressman Charles E. Townsend of Jackson, Mich., author of the Townsend-Esch railroad bill, spoke before a meeting of the Michigan Manufacturers' association. Mr. Townsend took up the speech delivered by President Spencer of the Southern railroad at Pittsburg April 7. "We do not ask wholesale reductions of rates," said Mr. Townsend. "We want the commission to have power to decide what is a just rate when the rates have been challenged."

C. E. TOWNSEND.

Secret rebates mean the loss of millions by the railroads, but the railroads are the most arrogant cowards.

"Traffic men do not know the cost of the transportation of a given article a given distance and admit they find out. How then do they fix the rates—by putting on all the traffic will stand. "We are asking nothing more than, as President Roosevelt expressed it in his message, to 'keep the highways open to all on equal terms.' President Spencer says he agrees with the president's sentiment and yet he attacks the bill which seeks to bring this about. The same arguments were used against the original interstate commerce bill, and yet Mr. Spencer says the original law is a good one and adequate to deal with all abuses which may arise."

ANOTHER SENSATION.

Bigelow Files a Petition Showing Liabilities of Large Amount.

Milwaukee, April 27.—The people of Milwaukee awoke to a new sensation Thursday when the startling announcement was made that Frank C. Bigelow, the defaulting bank president, had filed a petition in bankruptcy with liabilities aggregating over \$2,000,000 and assets near the million and a half mark. The fact that the largest creditors, which the First National placed in the list of secured creditors, had a tendency to quiet the nerves of the people who had deposits in city banks. Up to 9 o'clock there was no excitement in the vicinity of any banks. Every bank in the city reserves its right to take advantage of the law with regard to time deposits, and this being done, offers of assistance continue to pour in from all parts of the country to the First National bank, although the time has passed when any outside aid is necessary.

A large amount of the money which was withdrawn during the excitement Monday and Tuesday has been returned to the bank and heavy deposits are coming in from big business houses throughout the city.

C. H. Bosworth, national bank examiner, is still conducting a thorough investigation of the First National bank and does not expect to complete his work for several days.

No trace has yet been found of Henry G. Goll, the deposed assistant cashier.

WILL BE LEASED.

This Disposition to Be Made of Kiowa, Comanche and Apache Pasture.

Lawton, April 27.—J. A. Mangum of Chattanooga, Okla., is in receipt of a communication from C. S. Larrabee, acting commissioner of Indian affairs at Washington, in which it is stated that the Kiowa, Comanche and Apache Indian pasture reservation, in the southern portion of Comanche county, Oklahoma, will be leased by the commissioner for agricultural purposes. This tract of land consists of 390,000 acres and borders on Red river. It is the reservation in which President Roosevelt recently hunted wolves. It is now leased by cattlemen and the leases expire June 30. The communication states that for agricultural purposes it will be leased in small tracts if reasonable prices can be secured, southwest Oklahoma is aroused, as this will boom every town in this section. Trainloads of people are already coming in to look over the lands.

SHANNON APPOINTED.

Youngest Man Who Ever Held Secretaryship of State of Texas.

Austin, April 27.—Governor Lanham has appointed O. K. Shannon, formerly of Weatherford, secretary of state to succeed the late J. R. Curl. Mr. Shannon has been chief clerk of the state department during the entire time of Curl's administration, and is thoroughly familiar with the details of the office. Shannon is only thirty-two years of age and is the youngest man who ever filled the office of secretary of state in Texas.

State departments were closed Thursday in respect to the memory of the late J. R. Curl.

Senate Thursday passed finally senate general deficiency bills. This bill does not contain the provisions which were made for repairs of different state institutions. The senate bill is below the house bill about \$45,000.

The house met, but practically transacted no business. Adjournment was taken until next Monday. Many members left for San Antonio to take in the carnival there.

The supreme court has affirmed the judgment of the court of civil appeals in the case of James W. Swayne vs. Lone Acre Oil company, involving some valuable oil land in Jefferson county. The court held that plaintiff is entitled to the land, but not to the oil thereon.

WEATHERFORD WINS.

Location of Knight of Pythias Widows' and Orphans Home.

Mineral Wells, Tex., April 27.—Weatherford has been selected as the location for the Knights of Pythias Widows' and Orphans home. The vote stood: Weatherford, 156; Fort Worth, 140.

Grand lodge passed \$52,000 to the permanent endowment fund for the home. The bonus and accumulating funds will be used to construct the building, which will cause a delay. On this account Files Valley, Bell county, withdrew her proposition. Weatherford gives \$12,500 cash and 230 acres of land.

To Be Rebuilt.

Fort Worth, April 27.—A company of McKinney capitalists will at once rebuild the Sanger elevator here, recently burned. Its capacity will be increased to 40,000 bushels. The cost of construction will be about \$25,000.

AGAIN ESTABLISHED.

Former Moscow Chief of Police Appointed Governor General.

St. Petersburg, April 27.—The post of governor general of Moscow, which was temporarily abolished Jan. 15, has been re-established by imperial decree, and General Kozloff, former chief of the Moscow police, has been appointed governor general of that city. Administrative control of police remains in the hands of General Wolkoff who was appointed prefect in January, but the police will be under the supervision of the governor general.

Kozloff's appointment as governor general of Moscow on the eve of anticipated troubles at Easter and on May day, although accompanied by a rescript in which Emperor Nicholas speaks of the "great interior reforms," contemplated by him, leaves no doubt of his purposes to first restore tranquility with a firm hand. Kozloff's distinguished himself during the nihilist conspiracies twenty-five years ago by hunting down conspirators, which resulted in an attempt upon his life. The public generally interprets his summons from retirement at the age of sixty-eight as being an indication that the harsh measures of repression, then sanctioned, are to be revived. The government, however, takes the position that the execution of reforms is impossible until the present agitation and excitement are quieted. With General Trepoff in St. Petersburg and Kozloff in Moscow, it is considered that the public safety in two capitals is assured.

Liberals consider the appointment another re-actionary step. A prominent Liberal said: "We expected a proclamation of general amnesty for political prisoners as an Easter gift. Instead the emperor gives us Kozloff." Kozloff's entire career has been spent in the police or gendarmerie, beginning as assistant chief of police at Riga in 1861. Kozloff's service as chief of police of St. Petersburg covered the period following the assassination of Alexander II. In 1881, after Alexander III had thrown over General Loris-Melikoff, the famous soldier and statesman, who, with the minister of the interior, and other Liberal advisers, of his father had been surrendered to M. Pobondosteff, procurator general and the re-actionary party. He retired after crushing nihilist conspiracies and conclusion of the famous trials. He was head of the celebrated committee of public safety, composed of twenty-five persons, his name appearing on all orders. "Kozloff" means "goat" and the public sarcastically denominated the proclamations, "Orders of Kozloff and his twenty-five goats." Nevertheless, Kozloff succeeded in what he set out to do, earning the greatest praise from his imperial master, who heaped decorations upon him, conferring on Kozloff among other orders the Alexander Nevsky order, never previously given to a chief of the police.

NAVAL STAFF'S VIEW.

Does Not Believe Togo Will Sail South to Meet Negobattoff.

St. Petersburg, April 27.—According to calculations of naval staff, Vice Admiral Negobattoff, who left Jibuti, French Somaliland, March 25, if he has been making 200 knots per day, should reach Singapore at once, and could not unite his division with Vice Admiral Rojestvensky's in Tonquin bay until May 5. The general opinion is their junction is assured on the theory that Admiral Togo would not dare risk sailing south to meet Negobattoff, since by so doing he would leave the way to Vladivostok open to Rojestvensky.

Ardmore is to have an overall factory.

AMENDMENT ADOPTED.

Motion to Table the Vote to Reconsider, However, Failed.

Austin, April 27.—The house spent all Wednesday afternoon in considering the bill to appropriate \$391,000 to pay deficiency claims. In fact, the whole afternoon was spent in debating one item of the bill—\$2972—on account of a deficiency authorized in the construction of a laundry at the epileptic colony at Abilene. The result was that an amendment was adopted, striking out this item, but a motion to table a motion to reconsider the vote failed.

Senate finance committee has finished the appropriation bill, and as soon as the total is cast it will go to the printer. The total for two years will be about \$6,500,000.
Many department clerks have been cut out altogether and others reduced in salary.

GALVESTON SELECTED.

Texas Knights of Pythias Also Elected Officers for the Ensuing Term.

Mineral Wells, Tex., April 27.—Texas grand lodge Knights of Pythias selected Galveston for next place of meeting. The following officers were elected: Grand representatives for four years, John L. Bonner of Tyler, and John F. Onion of San Antonio; grand chancellor, O. P. Thomas of Abilene; grand vice chancellor, George B. Griggs of Houston; grand prelate, Sol W. Levy of Galveston; grand keeper of records and seal, Henry Miller of Weatherford; grand master of the exchequer, W. F. Skillman of Sulphur Springs; grand master at arms, C. H. Powell of San Angelo; grand inner guard, W. W. King of Ennis; grand outer guard, John G. Wolford of Cuero.

RIOT AT CLAREMORE.

In Effort to Make Negroes Leave Serious Results Ensued.

Claremore, I. T., April 27.—Two negroes came here and trouble ensued over efforts made to make them leave. In the row several shots were fired. James Buchanan was fatally wounded and one of the negroes so badly shot in a leg that amputation was necessary.

Child's Body in Box.

Muskogee, April 27.—The dead body of a two-month-old child was found at the slaughter house one mile north of this city by a man named Wilkinson. The body was cramped in a small wooden box. A cow had stepped on the box and crushed the body.

Can of Gold Found.

Antlers, I. T., April 27.—A report comes in that a party living fifteen miles from here found \$800 in an old-fashioned jar sticking out of the side of a bank where rains had washed the dirt away. The money is said to have all been in \$10 and \$20 gold coins.

Asked Not to Participate.

Warsaw, April 27.—A Jewish Socialist organization has issued a manifesto urging members not to participate in any demonstrations on May 1 for fear they will lead to anti-Semitic disturbances.

Cable Cut.

London, April 27.—The correspondent at Hongkong of the Daily Mail states that the cable to Hainan has been cut, presumably by the Russian squadron, to conceal the movements of the vessels there.

SYMPTOMS THAT INVITE GERMS.

Little Ailments that Should be Looked After if One Wants to Keep Well.

Anyone who has any of the many symptoms caused by poor digestion should take special care to avoid conditions where disease germs are likely to be present. Extreme thinness is the most common indication of a weak stomach, but any of the following symptoms are also good evidence of stomach troubles.

Uneasiness at stomach	Confusion of mind
Acidity	Flatulency
Water-brash	Heartburn
Spitting up of food	Nausea
Colic	Gripes
Sensation of weight	Coated tongue
or heaviness at pit of stomach	Sour taste in the mouth
Sore mouth	Diarrhoea
Constipation	Dry skin
Sediment in urine	Nervousness
Night sweats	Sick headache
Headache	Congestion of the head
Cold hands and feet	Vertigo or dizziness
Pain under shoulder blade	Drowsiness
Palpitation of the heart	Sleeplessness
	Pain between shoulders
	Defects of vision or hearing

These little ailments, which indicate a weak stomach and imperfect digestion, should be looked after by the use of Mi-o-na, if one wants to keep well. A tablet of this remarkable remedy, taken before each meal, will so strengthen the stomach and digestive organs that natural weight will be restored and perfect health and strength regained.

Mi-o-na is so nearly infallible in curing indigestion and the many diseases resulting from a weakened stomach, that a guarantee to refund the money is given with every box, should it not give perfect satisfaction. Ask E. J. Jenkins to show you the Mi-o-na guarantee.

DOMESTIC FINISH

Is the very best thing in the way of laundering. It's neat, it's modest, it's dresy, it's all the go, and is less injurious to clothes than gloss finish which has to be put on by friction, much to the detriment of the garment. Had it ever occurred to you that you never get a gloss pair of cuffs, collar or shirt new from store?

There certainly must be some reason why the factories do not put gloss on their goods. Don't you think so? Of course if you want to SHINE have your collars, cuffs and shirts done up at a gloss laundry or a Celestial den, but if you want to be up to now, have them laundered at

Indigestion Causes Catarrh of the Stomach.

For many years it has been supposed that Catarrh of the Stomach caused indigestion and dyspepsia, but the truth is exactly the opposite. Indigestion causes catarrh. Repeated attacks of indigestion inflame the mucous membranes lining the stomach and exposes the glands to secrete mucus instead of the juices of natural digestion. This is called Catarrh of the Stomach.
